

CITY OF LYNNWOOD

ORDINANCE NO. 781

AN ORDINANCE AMENDING CERTAIN PROVISIONS OF ORDINANCE 416 AND TITLE 14, SEWER, AMENDING CERTAIN PROVISIONS, DELETING AND REPEALING CERTAIN PROVISIONS, AND ADDING CERTAIN NEW PROVISIONS, AND PROVIDING FOR CHANGES AND INCREASES IN THE RATE STRUCTURE AND RATES AND BILLING

WHEREAS, The City Council, in consultation and advisement with the Planning Department, Engineering Department, Public Works Department and various other city agencies has determined and seeks to update, revise and alter ordinances relating to sewer.

WHEREAS, The City Council has determined that changes, amendments and deletions in the existing ordinances relating to the delivery, maintenance, operations and efficiency of the sewer system are necessary and proper for proper and efficient operation of the sewer system, and that all changes are necessary for the better service of the community, and to protect and promote its welfare and protect and promote its health and safety.

AND WHEREAS, the City Council has determined that revisions in the rate structure and increases in the rates for sewer services and other changes and assessments to the users of the sewer system are necessary for the city to make payments on current indebtedness, continue an adequate program of operations and maintenance and construct some capital improvements in the sewer system, thereby assuring a continuous and adequate sewer system.

THEREFORE, THE CITY COUNCIL OF THE CITY OF LYNNWOOD DO ENACT AND ORDAIN AS FOLLOWS:

SECTION 1. That Ordinance 147 §19.01 and Section 14.04.010 which read as follows:

14.04.010 Penalties for violation. Any person wilfully violating any provision of this title shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine in any sum not exceeding three hundred dollars, or by imprisonment in the city jail for a period not exceeding ninety days, or by both such fine and imprisonment. Each day's violation of the provisions of this title may be deemed a separate offense.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.04.010 Penalties for violation. Any person wilfully violating any provision of this title shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine in any

sum not exceeding five hundred dollars, or by imprisonment in the City jail for a period not exceeding ninety days, or by both such fine and imprisonment. Each day's violation of the provisions of this title may be deemed a separate offense.

SECTION 2. That in any existing provisions of Ordinance 147 and Title 14 as enacted or amended, any reference to "city engineer" shall be amended to read "Director of Public Works".

SECTION 3. That Ordinance 147 §14.14 and Section 14.08.150 which read as follows:

14.08.150 Premises. "Premises" shall be defined as a continuous tract of land, building, or group of adjacent buildings under a single control with respect to use of water and responsibility for payment therefor. Subdivision of such use or responsibility shall constitute a division into separate premises as here defined.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.08.150 Premises. "Premises" shall be defined as a continuous tract of land, building, or group of adjacent buildings under a single control with respect to use of sewer and responsibility for payment therefor. Subdivision of such use or responsibility shall constitute a division into separate premises as here defined.

SECTION 4. New Section. The following is enacted and added to 14.08:

14.08.185. Service Lateral. "Service Lateral" shall mean that portion of the public sewer line running from the sewer main to the property line.

SECTION 5. That Ordinance 147 §3.01 and Section 14.12.010 which read as follows:

14.12.010 Unsanitary disposal of waste forbidden. It shall be unlawful for any person to place, deposit, or permit to be deposited in any unsanitary manner upon public or private property within the City of Lynnwood, or in any area under the jurisdiction of the city, any human or animal excrement, garbage, or other objectionable waste.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.12.010 Unsanitary disposal of waste forbidden. It shall be unlawful for any person to place, deposit, or permit to be deposited in any unsanitary manner upon public or private property within the City of Lynnwood, or in any area under the jurisdiction of the city, any human or animal excrement.

MICROFILMED
JUL 25 1975

SECTION 6. That Ordinance 147 §3.02 and Section 14.12.020 which read as follows:

14.12.020 Sewage to be treated before discharge into natural outlet. It shall be unlawful to discharge into any natural outlet within the city, or within any area under the jurisdiction of the city, any sewage or other polluted waters, except where suitable treatment has been provided in accordance with the provisions of this title.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.12.020 Sewage to be treated before discharge into natural outlet. It shall be unlawful to discharge into any natural outlet within the city, or within any area under the jurisdiction of the city, any sewage.

SECTION 7. That Ordinance 147 §3.04 and Section 14.12.040 which read as follows:

14.12.040 Toilet required--Connection to public sewer required. The owner of each house, building, or property used for human occupancy, employment, recreation, or other purpose, situated within the city and abutting on any street or alley, or abutting on or containing a right of way in which there is located a public sanitary or combined sewer of the city, is hereby required at his expense to install suitable toilet facilities therein and connect such facilities directly to the proper public sewer in accordance with the provisions of this title within ninety days after the date of official notice to do so. Provided said public sewer is available as determined by uniform plumbing code Section 1101(d), or there exists a sanitary condition on the premises necessitating connection where said sewer service would not be available according to said section. Service of such notice shall be deemed sufficient if mailed to the occupant of the premises, or left at the premises in a visible and conspicuous place.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.12.040 Toilet required--Connection to public sewer required. The owner of each house, building or property used for human occupancy, employment, recreation or other purpose situated within the city and abutting on any street or alley or easement in which there is located a public sanitary sewer of the city is hereby required at his expense to install suitable toilet facilities therein and connect such facilities directly to the public sanitary sewer in accordance with the provisions of this title within ninety days after the date of official notice to do so. On any lot or premises which abuts and is served by such public sanitary sewer the public sanitary sewer is considered as being available when such public sanitary sewer is located two hundred (200) feet or less from any existing building or any exterior drainage facility connected thereto or from any proposed building or exterior drainage facility to be connected thereto, or there exists a sanitary

condition on the premises necessitating connection where said sanitary sewer service is not available within two hundred (200) feet. Service of such notice shall be deemed sufficient if mailed to the owner of record of the premises.

SECTION 8. That Ordinance 147 §3.05 and Section 14.12.050 which read as follows:

14.12.050 Procedure on failure to connect to public sewer. If any owner, agent or occupant shall neglect or refuse to connect said lands, buildings or premises with the public sewer within the time specified in the preceding section, the administrative authority may cause such connection to be made and the cost thereof shall be charged to the owner or occupant, and a bill showing the amount thereof mailed to or delivered to him, or posted upon a conspicuous and visible place. If said charge is not paid within ten days of the mailing, delivery or posting of the bill as aforesaid, the same shall be deemed to be delinquent and subject to a penalty in the amount of five per cent of said bill. The entire amount including penalties, shall draw interest at the rate of six per cent per annum from the date of rendering the bill until paid. Such delinquent charge shall constitute a lien upon the premises, which said lien shall be filed and enforced in the manner prescribed by the laws of the State of Washington.

SHOULD BE AND THE SAME ARE HEREBY REPEALED, AND THE FOLLOWING IS HEREBY ENACTED AND ADDED TO Section 14.12 as 14.12.050:

14.12.050 Prohibited use of sanitary sewer. No person shall discharge or cause to be discharged any storm water, surface water, ground water, roof runoff, subsurface drainage, cooling water, or untreated industrial process waters into any sanitary sewer.

SECTION 9. That Ordinance 147 §9.01 and Section 14.12.060 which reads as follows:

14.12.060 Approval required for nonstandard use of sanitary sewers. No person shall discharge or cause to be discharged any storm water, surface water, ground water, roof runoff, subsurface drainage, cooling water, or unpolluted industrial process waters into any sanitary sewer except on approval of the City engineer.

SHOULD BE AND THE SAME ARE EACH HEREBY REPEALED.

SECTION 10. That Ordinance 147 §9.02 and Section 14.12.070 SHOULD BE AND THE SAME ARE EACH HEREBY renumbered to Section 14.12.060.

SECTION 11. That Ordinance 147 §9.03 and Section 14.12.080 which read as follows:

14.12.080 Certain materials not to be discharged. Except as hereinafter provided, no person shall discharge or cause to be discharged any of the following described waters or wastes into any public sewer.

(a) Any liquid or vapor having a temperature higher than one hundred and fifty degrees Fahrenheit.

(b) Any water or waste which may contain more than one hundred parts per million, by weight, of fat, oil, or grease.

(c) Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid, or gas.

(d) Any garbage that has not been properly shredded.

(e) Any ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, paunch manure, or other solid or viscous substance capable of causing obstruction to the flow in sewers or other interference with the proper operation of the sewage works.

(f) Any waters or wastes having a pH lower than five and one-half or higher than nine, or having any other corrosive property capable of causing damage or hazard to structures, equipment, or personnel of the sewage works.

(g) Any waters or wastes containing a toxic or poisonous substance in sufficient quantity to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, or create any hazard in the receiving waters of the sewage treatment plant.

(h) Any waters or wastes containing suspended solids of such character and quantity that unusual attention or expense is required to handle such materials at the sewage treatment plant.

(i) Any noxious or malodorous gas or substance capable of creating a public nuisance.

BE AND THE SAME ARE EACH HEREBY RENUMBERED AND AMENDED TO READ AS FOLLOWS:

14.12.070 Certain materials not to be discharged. Except as hereinafter provided, no person shall discharge or cause to be discharged any of the following described waters or wastes into any public sanitary sewer:

(a) Any liquid or vapor having a temperature higher than one hundred and fifty degrees Fahrenheit.

(b) Any water or waste which may contain more than one hundred parts per million, by weight, of fat, oil, or grease.

(c) Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid, or gas.

(d) Any garbage that has not been properly shredded.

(e) Any ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, paunch manure, or other solid or viscous substance capable of causing obstruction to the flow in sewers or other interference with the proper operation of the sewage works.

(f) Any waters or wastes having a pH lower than six and one-half or higher than eight and one-half, or having any other corrosive property capable of causing damage or hazard to structures, equipment or personnel of the sewage works.

SECTION 12. That Ordinance 147 §5.01 and Section 14.16.010 which read as follows:

14.16.010 Tampering with sewers prohibited without permit. No person not a city employee shall uncover, make any connections with or opening into, use, alter or disturb any public sewer or appurtenances thereof without first obtaining a written permit from the building inspector. Said permit should be posted in a conspicuous place on the property during performance of work and may not be removed until work is approved by the city.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.16.010 Tampering with sewers prohibited without permit. No person not a city employee shall uncover, make any connections with or opening into, use, alter, or disturb any public sewer or appurtenances thereof without first obtaining a written permit or permits from the Public Works Department. Said permit or permits should be posted in a conspicuous place on the property during performance of work and may not be removed until work is approved by the city.

SECTION 13. That Ordinance 147 §5.02 and Section 14.16.020 which read as follows:

14.16.020 Permit application and fee for connections with public sewers. The owner, his agent, or his sewer contractor shall make application on a form furnished by the city, which the applicant shall supplement by any plans, specification, and other information as are deemed necessary by the city engineer for enforcement of this title, and a permit to perform work in public right of ways or easements shall be obtained from the city engineer prior to performing sewer work in such areas or making connections to public sewers. The fee for such permit shall be ten dollars.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.16.020 Permit application and fee for connections with public sewers. The owner, his agent, or his sewer contractor shall make application on a form furnished by the city, which the applicant shall supplement by any plans, specifications and other information as are deemed necessary by the Director of Public Works for enforcement of this title. A permit to perform work on the premises shall be obtained from the Director of Public Works prior

to performing sewer work in such areas or making connections to public sewers. The fee for such permit shall be fifteen (15) dollars.

SECTION 14. That Ordinance 147 §5.03 and Section 14.16.030 which read as follows:

14.16.030 City not responsible for private building sewers. The city assumes no responsibility for the maintenance of any building sewer lines on private property or in easements or street right of way.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.16.030 City not responsible for private building sewers. The City assumes no responsibility for the maintenance of any building sewer lines on private property.

SECTION 15. That Ordinance 147 §5.05 and Section 14.16.050 which read as follows:

14.16.050 Separate sewers required--Exception. Refer to Western Plumbing Officials Uniform Plumbing Code, Section 303.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.16.050 Separate sewers required--Exception. The building sewer of each new building and of new work installed in any existing building shall be separate and independent from that of any other building and when available, every building shall have an independent connection with a public or private sewer.

EXCEPTION: Where one building stands in the rear of another building on an interior lot, and no private sewer is available or can be constructed to the rear building through an adjoining court, yard or driveway, the building sewer from the front building may be extended to the rear building.

SECTION 16. That Ordinance 147 §5.06 and Section 14.16.060 which read as follows:

14.16.060 Old Sewers must conform. Old building sewers may be used in connection with new buildings only when they are found on examination and test by the city engineer to meet all requirements of this title.

SHOULD BE AND THE SAME ARE HEREBY REPEALED, AND THE FOLLOWING IS HEREBY ENACTED AND ADDED IN ITS PLACE:

14.16.060 Existing sewers must conform. Existing building sewers may be used in connection with new buildings or new plumbing only when they are found on examination and/or test to conform in all respects to the requirements governing new work, and the proper Administrative Authority shall notify the owner to make any changes necessary.

SECTION 17. That Ordinance 147 §8.01 and Section 14.16.070 which reads as follows:

14.16.070 Precautions while building--Restoration of streets, etc. All excavations for building sewer installation shall be guarded with barricades and lights as are reasonably adequate to protect the public from accident and injury. Streets, sidewalks, parkways and other public property disturbed, in the course of work, shall be restored in a manner satisfactory to the city. In addition to the requirements of this section, any person making any excavation for a building sewer installation shall comply with all other applicable ordinances of the city, and in conformity with Sections 61 and 62 "Standard Specifications for Municipal Public Works Construction" as prepared by the Washington State Chapter American Public Works Association.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.16.070 Precautions while building--Restoration of streets, etc. All excavations for building sewer installation shall be guarded with barricades and lights as are reasonably adequate to protect the public from accident and injury. Streets, sidewalks, parkways, and other public property disturbed, in the course of work, shall be restored in a manner satisfactory to the city. In addition to the requirements of this section, any person making any excavation for a building sewer installation shall comply with all other applicable ordinances of the city, and in conformity with Sections 61, 62 and 66 of "Standard Specifications for Municipal Public Works Construction" as prepared by the Washington State Chapter American Public Works Association.

SECTION 18. The reference in Footnote 2 to Side Sewer contractors' regulations -- See Chapter 5.12 in Section 14.20 is hereby stricken and repealed.

SECTION 19. The definition of ADMINISTRATIVE AUTHORITY in Ordinance 127 §2 and Section 14.20.020 which reads as follows:

ADMINISTRATIVE AUTHORITY shall mean the mayor, city supervisor, superintendent of the sewer department, sewer inspector, or any other person acting under the authority of the administrative authority.

BE AND THE SAME IS HEREBY AMENDED TO READ AS FOLLOWS:

ADMINISTRATIVE AUTHORITY shall mean the Mayor, Executive Administrative Assistant, Director of Public Works, sewer inspector, or any other person acting under the authority of the administrative authority.

and the remaining definitions in 14.20.020 are unaffected by this change.

MICROFILMED
JUL 25 1975

SECTION 20. That Ordinance 127 §3 and Section 14.20.030 which read as follows:

14.20.030 Standards for installation. Standards for installation of side sewers and service laterals shall be those set forth under the Western Plumbing Official's Uniform Plumbing Code, 1961 edition, or such other regulations as the city council may from time to time adopt.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.20.030 Standards for installation. Standards for installation of side sewers shall be those set forth under the Uniform Plumbing Code, Current Edition, or such other regulations as the City Council may from time to time adopt. Standards for installation of service laterals shall be those set forth under the Standard Specifications for Municipal Public Works Construction as prepared by the Washington State Chapter A.P.W.A.

SECTION 21. That Ordinance 127 §6 and Section 14.20.060 which reads as follows:

14.20.060 Service of notice to connect. Prior to completion of construction of the sanitary sewage system, whenever any land, buildings or premises is required to be connected with the public sewer as provided in this chapter, the administrative authority shall serve upon the owner, agent or occupant of said land, buildings or premises a notice in writing specifying the time within which such connection must be made, which time shall not be more than ninety days from the date of delivery of such notice. Service of such notice shall be deemed sufficient if mailed to the occupant of the premises, or left at the premises in a visible and conspicuous place.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.20.060 Service of notice to connect. Prior to completion of construction of the sanitary sewage system, whenever any land, buildings or premises is required to be connected with the public sewer as provided in this chapter, the administrative authority shall serve upon the owner of record of said land, buildings or premises a notice in writing specifying the time within which such connection must be made, which time shall not be more than ninety days from the date of delivery of such notice. Service of such notice shall be deemed sufficient if mailed to the owner of record.

SECTION 22. That Ordinance 127 §7 and Section 14.20.070 which reads as follows:

14.20.070 Procedure on failure to connect. If any owner, agent, or occupant shall fail and neglect or refuse to connect the lands, buildings or premises with the public sewer within the time specified in the preceding section, the administrative authority may cause such connection to be made and the cost thereof

shall be charged to the owner or occupant, and a bill showing the amount thereof mailed or delivered to him, or posted upon the premises in a conspicuous and visible place. If this charge is not paid within ten days of the mailing, delivery or posting of the bill as aforesaid, the same shall be deemed to be delinquent, and subject to a penalty charge in the amount of five percent of the bill. The entire amount, including penalties, shall draw interest at the rate of six percent per year from the date of rendering the bill until paid. Any such delinquent charge shall constitute a lien upon the premises, which lien shall be filed and enforced in the manner prescribed by the laws of the State of Washington.

SHOULD BE AND THE SAME ARE EACH HEREBY REPEALED.

SECTION 23. That Ordinance 660 §2; Ordinance 183; Ordinance 141; Ordinance 147 §9 and Section 14.20.090 which read as follows:

14.20.090 Payment of connection charges. The owner or occupant of every dwelling or other building required to be connected to the municipal sanitary sewerage system by the provisions of this chapter during the original construction thereof, shall pay to the city treasurer on or before February 1, 1963, a connection charge in the amount of ninety dollars which shall be deposited into the service lateral construction fund.

Connection charges for class 2 areas. In class 2 areas a reconnection charge shall be in the amount of five hundred dollars for every dwelling or other building required to be connected to the municipal sanitary sewer system by the provisions of this chapter.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.20.070 Payment of connection charges. The owner or occupant of every dwelling or other building required to be connected to the municipal sanitary sewerage system by the provisions of this chapter shall pay to the Unility Department a connection charge as set forth in Chapter 14.50 of this Title.

SECTION 24. That Ordinance 127 §10 and Section 14.20.100 which read as follows:

14.20.100 Failure to pay connection charges. If any owner, agent or occupant shall fail or neglect to pay the connection charges provided in this chapter when due, the same shall be deemed to be delinquent, and subject to a penalty charge in the amount of five percent thereof. The entire amount, including penalties, shall draw interest at the rate of six percent per annum from the date of delinquency until paid. Any such total charge, inclusive of penalties and interest, shall constitute a lien upon the premises, which said lien shall be enforced in the manner prescribed by the laws of the State of Washington.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.20.080 Failure to pay connection charges. If any owner,

agent or occupant shall fail or neglect to pay the connection charges provided in this title when due, the same shall be deemed to be delinquent, and subject to a penalty charge in the amount of six per cent thereof. The entire amount, including penalties, shall draw interest at the rate of seven percent per annum from the date of delinquency until paid. Any such total charge, inclusive of penalties and interest, shall constitute a lien upon the premises, which said lien shall be enforced in the manner prescribed by the laws of the State of Washington.

SECTION 25. That Ordinance 127 §12 and Section 14.20.120 which read as follows:

14.20.120 Permit for installation. A permit for the installation of a side sewer shall be obtained from the administrative authority, the fee for which permit shall be ten dollars. Application for said permit shall be made upon forms supplied by the city, in such detail as may be required by the administrative authority. The permit card issued must at all times during the performance of the work and until completion and approval by the administrative authority of the work performed be posted in some conspicuous place at or near the site of the work and must be safely and readily accessible to the administrative authority. No permit shall be issued until the connection charge set forth in Section 14.20.090 has been paid to the city.

Upon approval of the city engineer and the administrative authority, two or more adjoining property owners may agree to service their respective lands through one side sewer. In such event, there shall be a fee of ten dollars for each adjoining property owner. Also, in such event, a joint easement between property owners sharing such a joint lateral sewer shall be filed with the county auditor of Snohomish County and proof of filing presented to the city prior to issuance of a permit for connection to such joint service lateral sewer.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.20.100 Permit for installation. A permit for the installation of a side sewer shall be obtained from the administrative authority, the fee for which permit shall be fifteen (15) dollars. If a service lateral is not available at the property line, the owner shall install at his own expense a service lateral. A permit shall be obtained from the administrative authority, the fee for which shall be fifteen (15) dollars. Application for said permit shall be made upon forms supplied by the city in such detail as may be required by the administrative authority. The permit card issued must at all times during the performance of the work and until completion and approval by the administrative authority of the work performed be posted in some conspicuous place at or near the site of the work and must be safely and readily accessible to the administrative authority. No permit shall be issued until the connection charge set forth in Chapter 14.50 has been paid to the city.

Upon approval of the Director of Public Works and the administrative authority, two or more adjoining property owners may agree to service their respective lands through one side sewer. In such event, there shall be a fee of fifteen (15) dollars for each adjoining property owner. Also, in such event, a joint easement between property owners sharing a common line joint side sewer shall be filed with the County Auditor of Snohomish County, and proof of filing presented to the city prior to issuance of a permit for connection to such joint service lateral sewer.

SECTION 26. That Ordinance 147 §6.01 and Section 14.24.010 which reads as follows:

14.24.010 Compliance with plumbing regulations. The building sewer shall meet the requirements of the Western Plumbing Officials Uniform Plumbing Code, 1961 edition, and amendments in accordance with Title 15 and all other applicable ordinances relating to plumbing.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.24.010 Compliance with plumbing regulations. The building sewer shall meet the requirements of the current edition of the Uniform Plumbing Code and amendments in accordance with Title 15 and all other applicable ordinances relating to plumbing.

SECTION 27. That Ordinance 147 §6.02 and Section 14.24.020 which reads as follows:

14.24.020 Size and slope. The size and slope of the building sewer shall be subject to the approval of the city engineer, but in no event shall the diameter be less than four inches. The slope of such four-inch pipe shall be not less than one-eighth inch per foot or as approved by the city engineer.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.24.020 Size and slope. The size and slope of the building sewer shall be subject to the approval of the Director of Public works, but in no event shall the diameter be less than four inches. The slope of such four-inch pipe shall be not less than one-eighth inch per foot as approved by the Director of Public Works.

SECTION 28. That Ordinance 147 §11.01 and Section 14.28.010 which read as follows:

14.28.010 Sewage for which pretreatment required. Waters or wastes having (a) five day B.O.D. greater than three hundred parts per million by weight, or (b) containing more than three hundred and fifty parts per million by weight of suspended solids, or (c) containing any quantity of substances that this title declares may not be discharged into any public sewer (see section 14.12.080), or (d) having an average daily flow greater than two per cent of the average daily sewage flow into the

sewage treatment plant, shall not be admitted to the sewage works unless the city engineer determines that such waters or wastes will not damage or unduly burden the sewage works and will not constitute a hazard to life or property. If waters or wastes are inadmissible to the sewage works, the owner shall at his expense, (a) reduce B.O.D. to three hundred parts per million or less, (b) reduce suspended solids to three hundred and fifty parts per million by weight or less, (c) reduce objectionable characteristics or constituents to within the maximum limits provided for by this title, or (d) control the quantities and rates of discharge of such waters or wastes, as necessary. Plans, specifications, and any other pertinent information relating to proposed preliminary treatment facilities shall be submitted for the approval of the city engineer and of the water pollution control commission of the State of Washington, and no construction of such facilities shall be commenced until said approvals are obtained in writing.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.28.010 Sewage for which pretreatment required. Waters or wastes having (a) five day B.O.D. greater than three hundred parts per million by weight, or (b) containing more than three hundred and fifty parts per million by weight of suspended solids, or (c) containing any quantity of substances that this title declares may not be discharged into any public sewer (See Section 14.12.070), or (d) having an average daily flow greater than two per cent of the average daily sewage flow into the sewage treatment plant, shall not be admitted to the sewage works unless the Director of Public Works determines that such waters or wastes will not damage or unduly burden the sewage works and will not constitute a hazard to life or property. If waters or wastes are inadmissible to the sewage works, the owner shall at his expense, (a) reduce B.O.D. to three hundred parts per million or less, (b) reduce suspended solids to three hundred and fifty parts per million by weight or less, (c) reduce objectionable characteristics or constituents to within the maximum limits provided for by this title, or (d) control the quantities and rates of discharge of such waters or wastes, as necessary. Plans, specifications, and any other pertinent information relating to proposed preliminary treatment facilities shall be submitted for the approval of the Director of Public Works and of the Department of Ecology of the State of Washington, and no construction of such facilities shall be commenced until said approvals are obtained in writing.

SECTION 29. That Ordinance 147 §7.01 and Section 14.32.010 which read as follows:

14.32.010 Inspection required--When to be made. The applicant for the building sewer permit shall notify the superintendent of sewer department when the building sewer is ready for inspection and connection to the public sewer. The connection shall be made under the supervision of the superintendent of sewer department. The connection shall not be made unless and until the superintendent of sewer department approves the building sewer.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.32.010 Inspection required--When to be made. The applicant for the building sewer permit shall notify the Director of Public Works when the building sewer is ready for inspection. The building sewer shall be inspected and certified by the Public Works Department before the pipe is covered.

SECTION 30. That Ordinance 147 S7.02 and Section 14.32.020 which read as follows:

14.32.020 Types of Connections permitted. Connecting building sewer to public sewer shall be made at the wye branch, if such branch is available at a suitable location. If the public sewer is twelve inches in diameter or less, and no properly located wye branch is available, the owner shall at his expense install a wye branch in the public sewer at the location specified by the city engineer. Where the public sewer is greater than twelve inches in diameter, and no properly located wye branch is available, a neat hole may be cut into the public sewer to receive the building sewer, with entry in the downstream direction at an angle of about forty-five degrees at the location specified by the city engineer. A forty-five degree ell may be used to make such connection, with the spigot end cut so as not to extend past the inner surface of the public sewer. The invert of the building sewer at the point of connection shall be at the same or at a higher elevation than the invert of the public sewer. A smooth, neat joint shall be made, and the connection made secure and watertight by encasement in concrete. Special fittings may be used for the connection only when approved by the city engineer.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.32.020 Types of connections permitted. Connecting building sewer to public sewer shall be made at the wye branch if such branch is available at a suitable location. Where a tee or wye branch is not available, the City shall provide a connection point at the main at the owner's expense (See Section 14.40.060.)

SECTION 31. That Ordinance 147 S16.02 and Section 14.40.020 which read as follows:

14.40.020 Schedule I--Single-family residences. Single-family residences, including each unit of a duplex, triplex or fourplex shall be charged at the rate of four dollars and fifty cents per month.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

following the month in which the sewer extension shall be accepted by the city council.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.40.050 Payment of bills. All charges for sewage service shall be due and payable at the office of the utility department on or before the 10th day after the bill has been issued therefore and shall become delinquent after the 10th day. Sewage service bills shall cover periods of two months and shall be issued upon a single statement. All payments and collections shall be paid into the waterworks utility fund.

Whenever any new sewer service is made available through extension of the sewer system or otherwise, the monthly sewer service charge shall commence on the first day of the month following the month in which the sewer extension shall be accepted by the city council.

SECTION 35. That Ordinance 147 §18.02 and Section 14.40.060 which read as follows:

14.40.060 Delinquent charges constitute liens--Water service MAY BE CUT OFF. Any sewage charge which becomes delinquent shall immediately become a lien against the premises, superior to all other liens or encumbrances except those for general taxes and special assessments. Such liens shall be foreclosed by the city in the manner provided by law for the enforcement of the same and for delinquent sewage charges. As an additional and concurrent method of enforcing the lien herein provided, the city may in case of any such delinquency cut off the water service from the premises to which such sewage disposal service was furnished and such water service shall remain cut off until all such charges, plus penalties, together with an additional sum of five dollars for restoring water service shall have been paid.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

SECTION 36. New Section. The following is enacted and added to Chapter 14.40:

14.40.070 Sewer tapping charges. When a tee or wye branch is not available at the main, the city shall provide a connection point at the owner's expense at a charge of \$100 to be paid in advance.

SECTION 37. New Section. The following is enacted and added to Chapter 14.40:

14.40.080 Deposit. When an application is made to the utility department for the sewage service by any person other than the owner or purchaser of the premises for which sewer service is requested, such as a renter, lessee or tenant of said premises, said applicant shall be required to make a sixteen dollar and fifty cent deposit with the utility department to be held by said department during the entire term of service for such applicant.

At the termination of service to such a user having a deposit with the utility department, if all sewer utility charges are paid in full, the sewer utility will refund the deposit in full to the user. However, if any charges are not paid in full, the sewer utility shall apply all or as much of the deposit as may be necessary to pay the unpaid charges; any balance remaining will be returned to the user. If such user, after having made a deposit with the sewer utility, becomes the owner or purchaser of the premises served, the deposit provided for herein will be applied to the sewer utility charges of the user subsequent to the user's notifying the sewer utility in writing of his ownership or contract to purchase said premises.

SECTION 38. Ordinance 147 §4.03 and Section 14.44.040 which read as follows:

14.44.040 Permit to be obtained before construction. Before commencement of construction of a private sewage disposal system, the owner, his agent, or his sewer contractor shall first obtain a written private sewer permit signed by the city engineer.

BE AND THE SAME ARE HEREBY AMENDED TO READ AS FOLLOWS:

14.44.040. Permit to be obtained before construction. Before commencement of construction of a private sewage disposal system, the owner, his agent or his sewer contractor shall first obtain a written private sewer permit signed by the Director of Public Works. The fee for this permit shall be \$50.00.

SECTION 39. That Ordinance 147 §4.04 and Section 14.44.050 which read as follows:

14.44.050 Form and contents of application, fee. Refer to Western Plumbing Officials Uniform Plumbing Code.

SHOULD BE AND THE SAME ARE EACH HEREBY REPEALED.

SECTION 40. Ordinance 147 §4.06 and Section 14.44.060 which read as follows:

14.44.060 Inspection of private systems. A private sewage disposal system shall not be operated until the installation is completed in accordance with the requirements of this title and the permit has been issued. The city engineer shall be allowed to inspect the work at any stage of construction and, in any event, the applicant for the permit shall notify the city engineer when the work is ready for final inspection, and before any underground portions are covered. The final inspection shall be made within two business days of the receipt of the notice by the city engineer whenever possible. When the work is properly completed, he shall issue the permit.

BE AND THE SAME ARE HEREBY AMENDED TO READ AS FOLLOWS:

14.44.050. Inspection of Private systems. A private sewage disposal system shall not be operated until the installation is completed in accordance with the requirements of this title. The Director of Public Works may inspect the work at any stage of construction and, in any event, the applicant for the permit shall notify the Director of Public Works when the work is ready for final inspection, and before any underground portions are covered. The final inspection shall be made within two business days of the receipt of the notice by the Director of Public Works whenever possible. When the work is properly completed, the Director of Public Works shall give approval for the system to be used.

SECTION 41. That Ordinance 147 §4.08 and Section 14.44.080 which read as follows:

14.44.080 Maintenance. The owner of any private sewage disposal system shall operate and maintain it in a sanitary manner at all times. If the private sewer disposal system is operated and maintained in an unsanitary manner, the city engineer, after due notice to the owner and a reasonable time given under the circumstances to correct the deficiency, may revoke the permit. When the deficiency is corrected, a new permit may be issued upon submission of a new application, payment of the application fee, and compliance with the other applicable requirements of Sections 14.44.040 and 14.44.050. Alternatively, the city may correct the deficiency and charge the owner for the costs of such corrective measures, after due notice and the lapse of time given to correct the deficiency. Where soil becomes saturated and is not capable of holding effluent the owner of the property shall connect to the public sewer.

BE AND THE SAME ARE HEREBY AMENDED TO READ AS FOLLOWS:

after due notice to the owner and a reasonable time given under the circumstances to correct the deficiency, may revoke the permit. When the deficiency is corrected, a new permit may be issued upon submission of a new application, payment of the permit fee, and compliance with the other applicable requirements of Section 14.44.040. Where soil becomes saturated and is not capable of holding effluent, the owner of the property shall connect to the public sewer.

SECTION 42. That Ordinance 217 §1.01 and Section 14.50.010 which read as follows:

14.50.010 Class A service connection. Class A Service connect- shall be a service connection made to a trunk or lateral sewer, the construction cost of which was financed by the sale of revenue bonds or from funds accrued through system revenue and with or without a minor contribution from funds secured through the sale of general obligation bonds; and, or in a manner, that no cost thereof was assessed against or indirectly charged to the property now being serviced. The general system constructed under the 1962 bond issue and the Alderwood Manor area extension constructed under the 1963 revenue bond issue, are now such systems. This type of connection shall be referred to as a noncontributor.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

time sewer service was first available even though the structure or facility may have been demolished.

SECTION 44. That Ordinance 646 §1 and Section 14.50.080 which read as follows:

14.50.080 Charges for connection. Service connections to be made to the sewerage system of the city of Lynnwood shall be classified as herein provided and, at the time of application for a permit to make connection to the system, payment of connection charges as set forth shall be made to the city clerk, and shall be deposited to the credit of the sewer fund.

CLASS A CONNECTION

(1) Occupied properties. Two hundred dollars for each and every individual service connection, or in the case of multiple unit buildings, twenty dollars per unit, with a minimum connection charge of two hundred dollars. For a mobile home park as defined in Section 22.04.180, there shall be charged a connection fee of seventy-five dollars per pad, with a minimum connection charge of six hundred dollars per acre or prorated fraction thereof per connection to a trunk line.

(2) Unoccupied properties. Three hundred dollars for each and every individual service connection, or in the case of multiple unit buildings, thirty dollars per unit, with a minimum of three hundred dollars per lot. For a mobile home park there shall be a connection charge of seventy-five dollars per pad, with a minimum charge of six hundred dollars per acre or a prorated fraction thereof per connection to a trunk line.

CLASS B CONNECTION

(1) Occupied properties. Fifty dollars for each and every individual service connection, or in the case of multiple unit buildings, ten dollars per unit, with a minimum connection charge of fifty dollars per lot. For a mobile home park as defined in Section 22.04.180, there shall be charged a connection fee of fifty dollars per pad, with a minimum charge of four hundred dollars per acre or prorated fraction thereof per connection to a trunk line.

(2) Unoccupied properties. Fifty dollars for each and every individual service connection, or in the case of multiple unit buildings, twenty dollars per unit, with a minimum connection charge of fifty dollars per lot. For a mobile home park, there shall be charged a connection fee of fifty dollars per pad, with a minimum charge of four hundred dollars per acre or a prorated fraction thereof per connection to a trunk line.

and shall be deposited to the credit of the Waterworks Utility Fund.

CLASS I AREAS

CLASS A CONNECTION

(1) Occupied properties. Two hundred dollars for each and every individual service connection, or in the case of multiple unit buildings, twenty dollars per unit, with a minimum connection charge of two hundred dollars. For a mobile home park as defined in Section 22.04.180, there shall be charged a connection fee of seventy-five dollars per pad, with a minimum connection charge of six hundred dollars per acre or prorated fraction thereof per connection to a trunk line.

(2) Unoccupied properties. Three hundred dollars for each and every individual service connection, or in the case of multiple unit buildings, thirty dollars per unit, with a minimum of three hundred dollars per lot. For a mobile home park there shall be a connection charge of seventy-five dollars per pad, with a minimum charge of six hundred dollars per acre or a prorated fraction thereof per connection to a trunk line.

CLASS B. CONNECTION

(1) Occupied properties. Fifty dollars for each and every individual service connection, or in the case of multiple unit buildings, ten dollars per unit, with a minimum connection charge of fifty dollars per lot. For a mobile home park as defined in Section 22.04.180, there shall be charged a connection fee of fifty dollars per pad, with a minimum charge of four hundred dollars per acre or prorated fraction thereof per connection to a trunk line.

(2) Unoccupied properties. Fifty dollars for each and every individual service connection, or in the case of multiple unit buildings, twenty dollars per unit, with a minimum connection charge of fifty dollars per lot. For a mobile home park there shall be charged a connection fee of fifty dollars per pad, with a minimum charge of four hundred dollars per acre or a prorated fraction thereof per connection to a trunk line.

CLASS II AREAS

(1) Connection charges for class II areas. In class II areas a reconnection charge shall be in the amount of five hundred dollars for every dwelling or other building required to be connected to the municipal sanitary sewer system by the provisions of this chapter.

SECTION 45. That Ordinance 217 §3.02 and Section 14.50.100 which read as follows:

14.50.100 Contracts. A CONTRACT FORM. All reimbursement contracts shall be subject to the approval of the city council.

OFFICIAL COPY
Do not remove from
the City Clerk's Office

B. TERM. The term of all reimbursement contracts shall be limited to five years, the beginning date of which shall be the date of acceptance of the completed improvement by the city council, as evidenced by the minutes of their regular meetings.

C. AMOUNT OF REIMBURSEMENT. The amount of reimbursement shall be limited to the amount of the connection charges the city collects for Class A and B connections, as hereinbefore described made directly to the extended line constructed and paid for the the second party to this agreement, except that the amount of reimbursement for Class B connections shall not exceed the amount of one Class A connection at the point where said connections are made to the extended line. In no event shall the amount of reimbursement exceed the fair cost estimate, as outlined in section 14.50.110, of the extended line paid for by the developer.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS:

14.50.100 Contracts. A. CONTRACT FORM. All reimbursement contracts shall be subject to the approval of the city council.

B. TERM. The term of all reimbursement contracts shall be limited to five years, the beginning date of which shall be the date of acceptance of the completed improvement by the city council, as evidenced by the minutes of their regular meetings.

C. AMOUNT OF REIMBURSEMENT. The Amount of reimbursement shall be subject to the approval of the City Council. In no event shall the amount of reimbursement exceed the fair cost estimate, as outlined in Section 14.50.100, of the extended line paid for by the developer.

SECTION 46. That Ordinance 217 §3.03 and Section 14.50.110 which read as follows:

14.50.110 Procedure. To determine the cost for the extended line, which amount shall be subject to reimbursement, there shall be first established a fair cost estimate. This estimate shall be prepared by the city engineer on the basis of the approved plans for the extended line and shall be based on current costs for constructing similar types of improvements in the city. This esimated fair cost shall be used rather than actual costs so as to insure against unbalanced bids or other irregular accounting methods that might be used in the actual construction.

Plans and specifications of the proposed improvements shall be subject to approval of the city engineer. Such approval must be issued in writing before construction, and said approval shall not constitute acceptance of inferior work by the city.

The developer shall secure all easements, rights-of-way,

OFFICIAL COPY
Do not remove from
the City Clerk's Office

MICROFILMED
JUL 25 1975

franchises, etc., needed for construction of the improvement and at no cost to the city. Said easements and rights-of-way shall provide the right to operate and maintain the completed improvement. They shall be to the benefit of the city and subject in form to approval of the city attorney.

The actual construction shall be bonded and insured to city council approval and hold the city harmless.

A bonded guarantee on workmanship and materials installed in the improvement shall be provided for a period of one year from the date of completion and acceptance of the sewer extension by the city. Clear title of the completed improvement shall be delivered to the City.

BE AND THE SAME ARE EACH HEREBY AMENDED TO READ AS FOLLOWS.

14.50.110. Procedure. To determine the cost for the extended line, which amount shall be subject to reimbursement, there shall be first established a fair cost estimate. This estimate shall be prepared by the Director of Public Works on the basis of the approved plans for the extended line and shall be based on current costs for constructing similar types of improvements in the city. This estimated fair cost or the actual costs, whichever is less, shall be used as the amount subject to reimbursement.

Plans and specifications of the proposed improvements shall be subject to approval of the Director of Public Works. Such approval must be issued in writing before construction, and said approval shall not constitute acceptance of the work by the city.

The developer shall secure all easements, right-of-way, franchises, etc., needed for construction of the improvement and at no cost to the city. Said easements and rights-of-way shall provide the right to operate and maintain the completed improvement. They shall be to the benefit of the city and subject in form to approval of the city attorney.

The actual construction shall be bonded and insured to city council approval and hold the city harmless.

A bonded guarantee on workmanship and materials installed in the improvement shall be provided for a period of one year from the date of acceptance of the sewer extension by the city. Clear title of the completed improvement shall be delivered to the city.

SECTION 47. This ordinance shall take effect on May 1, 1975.

PASSED this 14th day of April, 1975, and signed in authentication of its passage this 14th day of April, 1975.
